2600 The Hacker Quarterly - Online Store - 2600 Magazine

The article is quoted several times in the 1995 movie Hackers, although in the movie it is being read from an issue of the hacker magazine 2600, not the historically accurate Phrack. The Mentor gave a reading of The Hacker Manifesto and offered additional insight at H2K2. It is also an item in the game Culpa Innata.

Hacker Manifesto - Wikipedia

Phreaking is a slang term coined to describe the activity of a culture of people who study, experiment with, or explore telecommunication systems, such as equipment and systems connected to public telephone networks. The term phreak is a sensational spelling of the word freak with the ph-from phone, and may also refer to the use of various audio frequencies to manipulate a phone system.

Gordon Lyon, conocido por el alias Fyodor, autor del escáner de puertos Nmap, así como de muchos libros de seguridad de redes y ciberseguirios.

Hacker (seguridad informática) - Wikipedia, la ...

Cyberwarfare is the use of digital attacks to attack a nation, causing comparable harm to actual warfare and/or disrupting the vital computer systems. There is significant debate among experts regarding the definition of cyberwarfare, and even if such a thing exists. One view is that the term "cyberwarfare" is a misnomer, since no offensive cyber actions to date could be described as "war".
