Cutaway View of the 1992 LT-1 Engine. (Image courtesy of GM Media.) Just as GM had showcased the Sting Ray III as one of their concept cars at the 1992 Detroit Auto Show, so too did they showcase a new powertrain for the 1992 Corvette. In an effort to strike a happy medium between the moderately aggressive L98 and the incredibly powerful LT-5 (found in every ZR-1 Corvette) Chevrolet decided to ...

### 1992 C4 Chevrolet Corvette: Specifications, VIN, & Options

another great lot features this nice, cleanly built 1/25 drag model car kit! this example was recently built right out of the box with no paintwork done and it looks fantastic! the body is probably not glued to the chassis.

1978 Corvette Overview. The arrival of the 1978 Chevy Corvette would happen just a few months after the 500,000th model rolled off the St. Louis assembly line (see the "1977 Corvette Overview" for further detail). As significant as that milestone had been as a benchmark of Corvette's success, the 1978 model would mark a second milestone - Corvette's Silver Anniversary.

### 1978 C3 Chevrolet Corvette: Specifications, VIN, & Options

I have an 87 Corvette engine installed in a 74 260Z and am using the Vette ECM with hopefully all the stock controls except for an aftermarket performance chip (mainly to help override the anti-theft control and no smog). I recently found that the fan was running all the time and can't seem to find out why.

### 6.6L V8 L8T GM Engine Specs Released | GM Authority

Increasing the number will add fuel to the mixture (the PCM thinks the engine is more efficient so more fuel is added to get the most power) and decreasing it will lean the mixture. Depending on engine setup, sometimes these values need to be lowered by as much as 20-30 points (as with large valve overlap cams in the lower RPM/load sections).

This allows your engine to inhale a larger amount of air than the factory air intake. More air means more usable power and acceleration throughout the engine's RPM range. The 69-4519TP air intake comes with a chrome topped K&N high-flow air filter and a heat shield that installs into the previous air box space.
