### A Critical Discourse Analysis Of

Critical discourse analysis (CDA) is an interdisciplinary approach to the study of discourse that views language as a form of social practice. Scholars working in the tradition of CDA generally argue that (non-linguistic) social practice and linguistic practice constitute one another and focus on investigating how societal power relations are established and reinforced through language use.

### Critical discourse analysis - Wikipedia

Critical discourse analysis takes linguistic and psychosocial approaches one step further by analysing the data from a decidedly critical stance. These analyses examine the discourse – the social ‘story’ at play in the investigation – but also ask why that particular person is relating that particular tale.
