How Casinos Enable Gambling Addicts - The Atlantic

In Abraham J. Twerski's 1997 book Addictive Thinking: Understanding Self-Deception, he argues that when people feel spiritually empty, they often turn to addictive behaviors to fill the inner void. In contrast to having an empty stomach, which is a clear feeling, having spiritual emptiness is hard to identify, so it fills humans with a "vague ...

Emptiness - Wikipedia

This feature is inherent in how competitive markets work, they assert, as business people behave in the self-serving way economic theory assumes. The simple model of the free market is that everyone operates in their own self-interest. The reality is that trickery and deception sometimes persuade us to make decisions contrary to our interest.
