An Inquiry into the Nature and Causes of the Wealth of ...

An Inquiry into the Nature and Causes of the Wealth of Nations is better known simply as The Wealth of Nations. It was written by Adam Smith in 1776, who was a Scottish man. It looks at division of work, following self-interest, and freedom of trade. The book was not the beginning of classical economics, and market economics.

The Wealth of Nations - Simple English Wikipedia, the free ...

Smith's seminal work, The Wealth of Nations, aims to create a new understanding of economics. Smith writes largely against the mercantile system that existed at the time of writing, but, along the way, gives a complicated but brilliant account of an economic system based in human nature and deeply rooted social dynamics.

The Wealth of Nations Summary | GradeSaver

Known primarily for a single work— An Inquiry into the Nature and Causes of the Wealth of Nations (1776), the first comprehensive system of political economy —Smith is more properly regarded as a social philosopher whose economic writings constitute only the capstone to an overarching view of political and social evolution.
