The Audience-Actor Relationship at Shakespeare's Globe ...

Theatrical production - Theatrical production - Relation to the audience: In nondramatic theatre the performer generally acknowledges the presence of the audience and may even play directly to it. In dramatic theatre the actor may or may not do so. In Greek Old Comedy, for example, an actor speaking for the author might cajole, advise, or challenge the spectators.

Theatrical production - Relation to the audience | Britannica

Autant designed five theatres that established spatial relationships between audience and actors specific to five types of drama. Each theatre also represented a common architectural situation and proposed a modern spatial solution. Performances enacted how the space might work both socially and symbolically in plays that told mythic stories.
