Terry Bolryder is an Author that I have not long found, but I have already read over 30 of her novels , so far. She is a very good story teller and I love her Dragons series. I have made a list of her other books that I have not yet read, but will be doing.

I really don't know how Terry Bolryder does it! She produces such great books at an incredible pace, and never sacrifices on quality. Like all the other Paranormal Wolf Shifter books that I have read by this author this one draws you right in from the very first page and ends with you wanting more.
