I remember one boy who struggled with writing. He was mostly non-verbal and it took him a full class period to type a single paragraph. Few of the students in our photojournalism class interacted with him outside of the required cooperative learning activities. One day, he pressed the "publish" button instead of the "save as draft" button.

Accountability, a cornerstone of contemporary education policy, is increasingly characterized by external monitoring and an emphasis on outcomes or results. Largely absent in discussions of accountability are the voices of stakeholders who work, learn, and teach in schools and other educational institutions. This article highlights the critical importance of structured democratic voice. This ...
