However, the role of parents and guardians in their children's education is vital. Research has proven beyond dispute that effectively engaging parents and families in the education of their children has a positive influence on the success of the learners. Currently the level of parent and community participation in schools is low.

Parents Defending Education is a national grassroots organization working to reclaim our schools from activists promoting harmful agendas. Through network and coalition building, investigative reporting, litigation, and engagement on local, state, and national policies, we are fighting indoctrination in the classroom -- and for the restoration of a healthy, non-political education for our kids.

Parents Defending Education

Obviously it's very different for a Black family than it is for a White family. And I'm going to speak from the place of White parents, because that's where I identify. And I think a lot of White parents probably struggle with the fear of getting this wrong. So they avoid hard conversations. What do you think about that?
