How To Build Huge Freaky Forearms — Lee Hayward's Total ...

Back in the day, forearm development was a badge of honor—it proved you weren't camping your ass on the latest chrome machine and drinking soy milk. It was proof you had been throwing around some serious pig iron. Outside of the weight room, big forearms establish respect right off the bat. Bullies know the difference between the pec and bi warrior, and the “old head” that can pull out ...

Freaky Forearms Open Hand Pinch Hex Holds

From a performance standpoint, the grip and forearms transfer power from the body to a sporting implement or directly to an opponent. They literally attach the baseball player to the bat, the powerlifter to the bar, and the mixed martial artist to his opponent. In many sports, a freaky grip can give you a decided edge.

Freaky Forearms Crush Vulcan Gripper Training

The muscles of the forearm are critical for grip strength. It can be difficult to train these muscles without using weights because most people have little to no experience training these muscle groups without any weight. The simplest way to train the forearms using body weight is a technique called manual resistance.
