4800 Series Air Motors | Ingersoll Rand Power Tools

Ingersoll Rand ARO Diaphragm Pumps are some of the most reliable, longest lasting Air Operated Double Diaphragm (AODD) on the market. Based on nearly a century of manufacturing experience, ARO Diaphragm Pumps provide high flow rates and stall free operation. Their patented "unbalanced air valve" design prevents the stalling issues associated with other brands of AODD pumps.

The air intake system for the EJ201 and EJ202 engines was tuned to achieve high torque in the low to medium engine speed range. For lower intake air temperature, the air inlet duct received air from outside the under bonnet area. Furthermore, two resonators were incorporated in the air duct to 'smooth' the air flow and a large still air box ...
