About LARE Study Guide

LARE's Section 4: Grading, Drainage, and Construction Documentation is, in my opinion, the hardest portion of the exam. It has the lowest passing rate of any section – before and after the change in format. You will find in your preparation for this section that there is a wide range of topics that need to be covered, most of which you have seen, but probably haven't mastered.

LARE's Section 3: Design is where, in my opinion, things start coming together. The last two sections are hard for a number of reasons. First, this section requires you to use multiple facets of your knowledge at one time to solve a problem. Second, Section 3 is the most changed in format from previous exams and there is less study material available to you.
