During the Vietnam War, Long Binh Post was the U.S. Army's largest base located in the former South Vietnam. It was situated between Bien Hoa, the location of a large American airbase, and Saigon, the capital of South Vietnam. The Geography and Map Division holds a map from the war that was printed and created by the 66 th Engineer Company (known as the "Topo Corps").

The British men in the business of colonizing the North American continent were so sure they “owned whatever land they land on” (yes, that’s from Pocahontas), they established new colonies by simply drawing lines on a map. Then, everyone living in the now-claimed territory, became a part of an English colony. A map of the British
