Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Hey guys, I just bought myself a motu midi timepiece to use as a patchbay to route all of my synths into an mpc2000. I hooked up everything and Nothing! Do I have to configure the timepiece ? I thought it should just work as a simple patchbay without any settings like my old unitor did. I have no idea how to use this.
