Golfers used to have one or two wedges in their golf bag -- the pitching wedge, which is included in most sets of irons, and the sand wedge. In the last 20 years, club manufacturers have strengthened the irons by decreasing loft and, thereby, creating more distance with each club. In other words, a pitching wedge

# File Type PDF Ping Loft Chart

has a loft that is similar to that of an older 9-iron.

## **What Are the Lofts of Golf Wedges? | Golfweek**

The Ping G410 have a lesser offset than the Ping G400 by 10% that makes it a more forgiving golf club. The Ping G410 feature a smaller blade length and a more refined shape than the Ping G400 that increases its visual appeal for players who want a classy looking golf club. The Ping G400 appear to be chunkier at the top and has a wider sole.
