Heavy Duty Transmission, Constant Mesh and ... - Road Ranger

The 18 speed transmission is laid out in an 'H' pattern. The easiest way to become familiar with the 18 speed is to practice shifting in an H pattern. The driver uses second, third, fourth, and fifth, then splits up into high range and then shift the H pattern again for sixth, seventh, eighth and ninth gear.

How to Shift an 18 Speed Transmission Like a Pro

Eaton's 18-Speed Roadranger Driver's Instruction manual available for download at end of article. Driving a constant mesh transmission like a 13-speed or 15-speed Roadranger transmission correctly used to be a fundamental part of truck driving, and old school truck drivers took great pride in the way they swapped cogs meticulously without grating any gears.
