Whenever you DEBIT an account, or add a positive number to it, you move to the RIGHT on the number line. Examples: The balance in your checking account, or Cash, is \$400. You deposit \$100, which results in a debit of \$100. The balance is now \$500. You move to the RIGHT on the number line because you debit the account.; You owe your Dad \$300, so you might say your account balance is -\$300.

With online faxing, you don't need a phone line or fax machine connected to your computer. All you need is an internet connection. You send your Office document through the internet to your online fax service provider. That service provider converts the data from the Office document into a faxable format, then sends it to your intended address.
