ARTICLE SUMMARY. Stretching does not deserve its popularity and should not be considered a pillar of fitness. It does feel good, of course, and it will increase flexibility — mainly by increasing sensory tolerance rather than actually changing tissue.But flexibility is an overrated goal, and also easily achieved with other kinds of exercise that are much more beneficial for fitness in other ...

Quite a Stretch: Stretching Hype Debunked

Microsoft offers several ways of preventing your files or data from being deleted, renamed or modified in Windows to ensure that your information doesn't get into the wrong hands. However, some of these protections can get out of hand, leading to errors such as "You need permission to perform this action".

Fix "You need permission to perform this action" Error
