Southeast Asia has historically not adopted the same definition of human rights that could be found in Western European or North American countries. The first sign of human rights recognition came in the form of the Universal Declaration of Human Rights (UDHR) put forward by the United Nations. This declaration, however, was not binding and therefore not enforced.

Human rights in Asia - Wikipedia

For all the differences South Asia's countries insist on, they have depressingly similar attitudes when it comes to human rights. Over the past year, as Amnesty International documents in its Annual Report, civil society organisations have been harassed and shut down, journalists have been targeted, crude colonial-era laws have been unleashed against government critics, new laws have been ...
