Technopoly The Surrender Of Culture

Neil Postman (March 8, 1931 – October 5, 2003) was an American author, educator, media theorist and cultural critic, who eschewed technology, including personal computers in school and cruise control in cars, and is best known for twenty books regarding technology and education, including *Amusing Ourselves to Death* (1985), *Conscientious Objections* (1988), *Technopoly: The Surrender of Culture* ...

Neil Postman - Wikipedia

In *Technopoly: The Surrender of Culture to Technology* (1992), he drew attention to its often unperceived effects on thought and culture. He was particularly critical of what he termed technopoly, or the deification of technology, which results in social institutions and practices surrendering their sovereignty to technology.
