But frankly the Tecumseh HS40 motor (4hp) works pretty darn well too. One thing I would say though, don't get a Tecumseh H50 engine. The H50, used before Tecumseh introduced the HS50 in 1972, is too wide of a format for many minibike applications (though some minibikes did originally use the H50 in the 1968-1971 time frame.)
