Isotope analysis is the identification of isotopic signature, the abundance of certain stable isotopes and chemical elements within organic and inorganic compounds. Isotopic analysis can be used to understand the flow of energy through a food web, to reconstruct past environmental and climatic conditions, to investigate human and animal diets in the past, for food authentication, and a ...

Isotope analysis - Wikipedia

Kingwood is a 14,000 acre (57 km²) master-planned community located in northeast Houston, Texas, United States. The majority of the community is located in Harris County with a small portion in Montgomery County. Known as the "Livable Forest," it is the largest master-planned community in Harris County and second-largest within the 10-county Houston-The Woodlands-Sugar Land metropolitan area.
