The focus of Lesson 1 is Newton's first law of motion - sometimes referred to as the law of inertia. Newton's first law of motion is often stated as. An object at rest stays at rest and an object in motion stays in motion with the same speed and in the same direction unless acted upon by an unbalanced force.

Newton's First Law of Motion - Physics

Avoid urinating outside in public places. Try to find a women's restroom. If you find a men's restroom a women's will be close by. Urinating in public places is against the law in most cities, and could earn you a citation or worse. If you absolutely must, try to find a place behind lots of bushes where no one can see you.
