The unwarranted provocation, arrest and inexplicable jailhouse death of Sandra Bland has once again ripped the scab off a wound that never gets to heal in this country, a wound that bleeds with every event of racial profiling, injustice, bullying and bigotry, leaving us, for the umpteenth time, to parse and pull apart the seemingly endless conundrum of race.

No, White People Will Never Understand the Black Experience

Eventually The Ville stood as the neighborhood for middle-class black families. These housing lines along racial boundaries held legal sway at times. By a three-to-one margin, voters enacted a segregation ordinance in 1916, holding that no one could move to a block on which more than 75 percent of the residents were of another race.

Black Friday became a global, retail phenomenon almost 60 years ago in the US. It was originally a one-day bargain event held after Thanksgiving Day paving the way to the Christmas shopping season. In 2014, souq.com (which we now, of course, know as Amazon) was the first to import the concept to this region.

The Black Ivy League refers to the historically black colleges (HBCUs) in the United States that attract the majority of high-performing or affluent African American students. Similar groups include: Public Ivies, Southern Ivies, and the Little Ivies among others, none of which have canonical definitions. Generally, the schools themselves avoid using the term Black Ivy to describe themselves.
