The construction of t-norms by additive generators is based on the following theorem: Let $f: [0, 1] \rightarrow [0, +\infty]$ be a strictly decreasing function such that $f(1) = 0$ and $f(x) + f(y)$ is in the range of f or equal to $f(0 +)$ or $+\infty$ for all x, y in $[0, 1]$. Then the function $T: [0, 1]^2 \rightarrow [0, 1]$ defined as.

Construction of t-norms - Wikipedia

Changing Property or Building Use You may need to record a change in the use of your property or building if its use is different than in the past. For example, if you're opening a new restaurant in a space that previously held a retail store, or if you're creating a new home or space within an existing building (such as a mother-in-law ...

Property & Building Use - SDCI | seattle.gov

Property line disputes are disagreements between neighbors about the location of their property line and whether structures have been built on or over that line. While we do not become involved in private disputes, our land use and building codes do regulate where you can build a structure, such as a shed or deck on your property.
