Starting from the end of the Nineties, the Gallery knew how to cut out its own space and become the reference point to lovers of historical design as well as to people following the evolution of contemporary design, above all within that more learned, poetic and visionary area shifting between production and contemporary art.

### NILUFAR

Organically-shaped, clean-lined and elegantly simple are three terms that well describe mid-century modern American furniture.The style, which emerged primarily in the years following World War II, is characterized by pieces that were conceived and made in an energetic, optimistic spirit by creators who believed that good design was an essential part of good living.

With entire areas of our homes reserved for “sitting rooms,” the value of quality antique and vintage seating cannot be overstated.. Fortunately, the design of side chairs, armchairs and other lounge furniture — since what were, quite literally, the early perches of our ancestors — has evolved considerably.. Among the earliest standard seating furniture were stools.

Joshua Holdeman, Sotheby's worldwide head of 20th-century design, points to the 2005 auction of a Carlo Mollino table that sold for \$3.9 million as a turning point for midcentury modern furniture's auction market. "It was the first time that something in the midcentury had made such a breakout price," says Holdeman.

### Why the world is obsessed with midcentury modern design ...

Giovanni "Gio" Ponti (18 November 1891 – 16 September 1979) was an Italian architect, industrial designer, furniture designer, artist, teacher, writer and publisher.. During his career, which spanned six decades, Ponti built more than a hundred buildings in Italy and in the rest of the world. He designed a considerable number of decorative art and design objects as well as furniture.
