### The Meaning Of The Nuclear

nuclear family definition: 1. a family consisting of two parents and their children, but not including aunts, uncles.... Learn more.

### NUCLEAR FAMILY | meaning in the Cambridge English Dictionary

A nuclear family, elementary family or conjugal family is a family group consisting of parents and their children (one or more). It is in contrast to a single-parent family, the larger extended family, or a family with more than two parents.Nuclear families typically center on a married couple which may have any number of children. There are differences in definition among observers.

The meaning of such huge lethal radii in possible future space warfare cannot now be assessed. It does seem clear, however, that manned space combat vehicles, unless heavy shielding is feasible, will be considerably more vulnerable to nuclear defense weapons than their unmanned counterparts.

### NUCLEAR WEAPON EFFECTS IN SPACE - NASA

An organelle is a tiny cellular structure that performs specific functions within a cell.Organelles are embedded within the cytoplasm of eukaryotic and prokaryotic cells.In the more complex eukaryotic cells, organelles are often enclosed by their own membrane.Analogous to the body's internal organs, organelles are specialized and perform valuable functions necessary for normal cellular operation.

### What Is an Organelle?

The growth of nuclear parity between the U.S. and the U.S.S.R., the inevitability of other nations producing atomic bombs, the worldwide abhorrence of the employment of such weapons, and the increasing reliance of communist nations on a far less technically sophisticated type of war all seemed to be diminishing the prospect of an atomic war between the two superpowers.

John F. Kennedy had supported a ban on nuclear weapons testing since 1956. He believed a ban would prevent other countries from obtaining nuclear weapons, and took a strong stand on the issue in the 1960 presidential campaign. On August 5, 1963, after more than eight years of difficult negotiations, the United States, the United Kingdom, and the Soviet Union signed the Limited Nuclear Test Ban ...
