Positive thinking just means that you approach unpleasantness in a more positive and productive way. You think the best is going to happen, not the worst. Positive thinking often starts with self-talk. Self-talk is the endless stream of unspoken thoughts that run through your head. These automatic thoughts can be positive or negative.

Lean Thinking is the second of the lean books from Womack and Jones. First was "the machine that changed the world", which changed my way of thinking. Lean Thinking picks up where "the machine" left and tries to abstract the learning from "the machine" into 5 values of lean. The 5 values are "Value, Value Stream, Pull, Flow and Perfection".
