SlideShare supports documents and PDF files, and all these are available for free download (after free registration).

#### Torts In A Nutshell

Medical malpractice is, in a nutshell, a form of negligence. Therefore, medical malpractice translates to mean that a doctor either did something wrong, or did not exercise reasonable care when treating a patient. Medical malpractice exists if another reasonable doctor in that doctor's position would have treated the patient differently.

#### Standard of Care - Definition, Examples, Cases, Processes

In criminal and civil law, strict liability is a standard of liability under which a person is legally responsible for the consequences flowing from an activity even in the absence of fault or criminal intent on the part of the defendant.. Fundamentals of Tort Law. By: Eric Baime. Tort law seeks to provide reimbursement to members of society who suffer losses because of the dangerous or unreasonable conduct of others. Torts may be either (1) intentional, (2) negligent, or (3) in strict liability. The word “tort” means “wrong”, and originally evolved from the writs of trespass and trespass on the case.
