Getting a Quick Start with Visualforce | Visualforce ...

Visualforce is a framework that allows developers to build sophisticated, custom user interfaces that can be hosted natively on the Lightning platform. The Visualforce framework includes a tag-based markup language, similar to HTML, and a set of server-side “standard controllers” that make basic database operations, such as queries and saves, very simple to perform.

What is Visualforce? | Visualforce Developer Guide ...

"Visualforce Developer's Guide" is a hands-on guide aimed towards developing a custom UI interface. As you read through the content, you will notice that this book focuses on a single real-world example. This book builds upon this example to help you understand and use Visualforce development tools in your custom UI interfaces.
